ASK A QUESTION

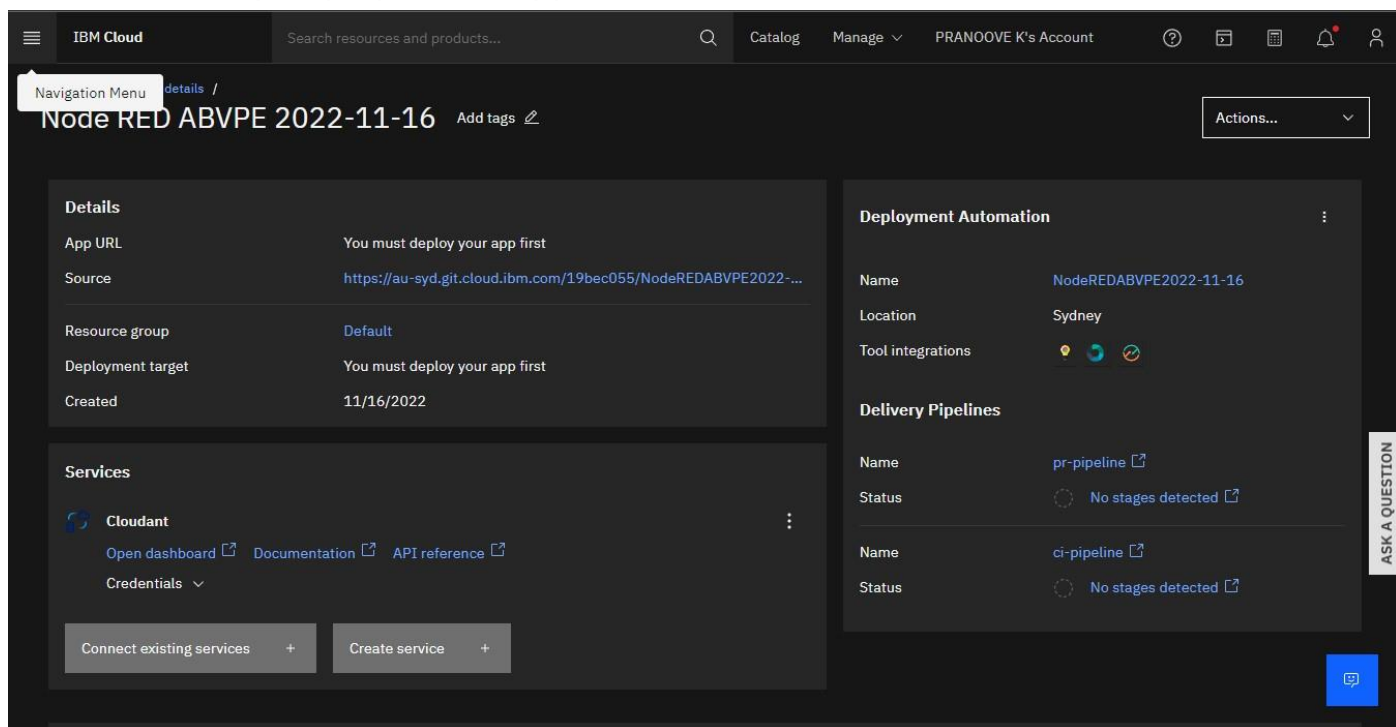

- Clicking on the “Deploy your App” Button

- Setting up the environment and deploying the app

- Successfully deployed the app

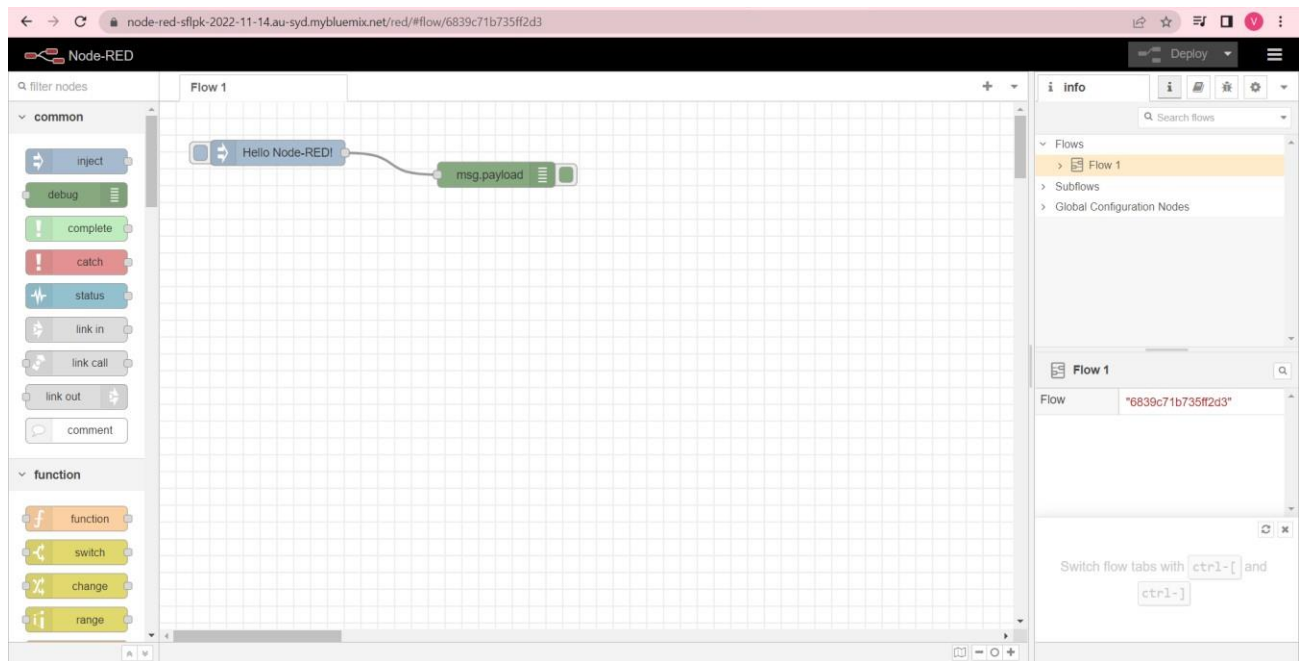

- Welcomed by the instance editor

Welcome to your new Node-RED instance on IBM Cloud

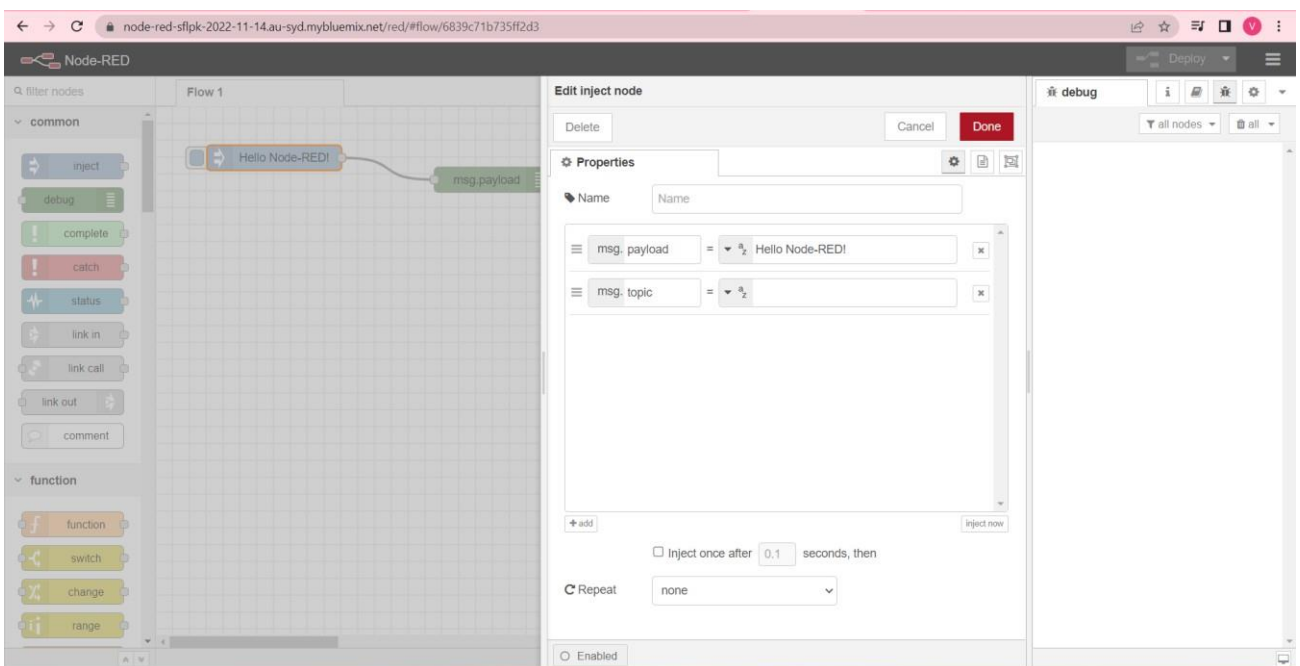

We know you're eager to start wiring up your flows, but first there are a couple of tasks you should do:

- Secure your Node-RED editor
- Learn how to install additional nodes

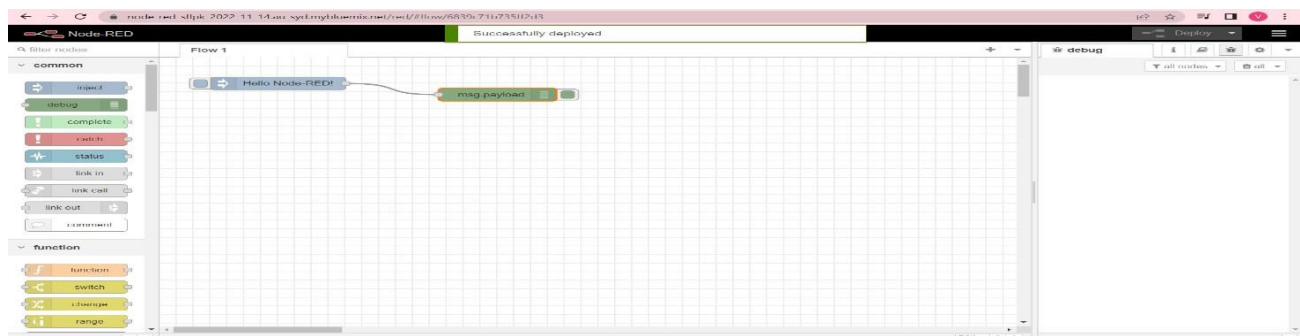

- Dragged and dropped components into the editor

- Editing some values of the properties

- Successfully deployed the app

Result: Successfully created a NodeRED service on IBM Cloud
